

Wade Deacon Trust

Dear Parent/Guardian,

Re: Year 11 Super Curriculum

Your child has now moved into their final year of their GCSE studies and to ensure that they are fully prepared for all assessments, it is important that they maximise every learning opportunity. As such, we are pleased to inform you that from Tuesday, 20th September an extended 'Super Curriculum' will be in place to target specific students in key subject content areas.

The initial timetable is outlined below:

Day	'Target Group Super Curricular Offer' – 3pm – 4pm				
Monday	Maths 9-5	English 9-4	Science 9-7		
Tuesday	Maths 9-4	English 9-7	Science 9-5	Spanish 9-5	
Wednesday	Maths 9-7	Science 9-4	Geography 9-4	History 9-7	History 9-4
Friday	Geography 9-7	Spanish 9-7			

We would anticipate that your child will attend lesson 6 as follows:

Day –

Subject –

Teacher –

Room –

From 26th September, we will be extending the 'Super Curriculum' to include option subjects and will write again to inform you of additional opportunities.

We would ask you to support us in ensuring your child attends their session each week to allow them to further develop and deepen their knowledge, skills and understanding to enable them to complete their first set of assessments at the end of October with confidence. Attendance will be monitored and positive attitudes to learning will be expected to enable all students to benefit from the provision.

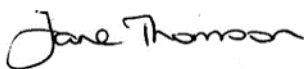

Following this first round of assessments, we will review your child's performance to determine whether further gaps in learning need to be bridged through this additional curriculum time

Your child will complete their first Mock examinations in December, prior to their Work Experience. These full paper examinations will take place in the sports hall and will replicate the final exams in the summer.

It must be reinforced that good levels of attendance of above 96% and good punctuality to school and lessons will maximise learning opportunities even further.

Thank you for your continued support in ensuring your child is encouraged to maximise learning.

Yours sincerely,

Mrs J Thomson
Vice Principal
